WEBSITE PROPOSAL

Jérémy Gillon
Essence & Experience

Two websites, one project.

PROJECT FEE, BOTH WEBSITES

€1,700

PREPARED FOR

Jérémy Gillon
Agilson Valle

PREPARED BY

Karim Kouchrad

DATE

15 October 2026
Valid until 15 November 2026

01 · THE PROJECT

Two separate websites that point to each other.

Your clients move between private dining, events and consulting, so each site sends visitors to the other. They share one family look: the same fonts and frame, related marks, a sage, green and beige palette. Both leave Wix for custom code on hosting that you own.

AVENUE 1 · PERSONAL

jeremygillon.com

Lighter. Built on Art Direction v2, already approved.

01 **Home**
Michelin-starred chef, Singapore & beyond

02 **Jérémy**
Biography, career and Michelin milestones

03 **Private Dining**
A fully tailor-made service: every menu is created for the host, the occasion and the guests. Shown through 2 to 3 past menus or experiences, with no client names and no guests in frame

04 **Collaborations & Guest Chef**
Residencies, brand dinners, special projects

05 **Press**
Articles, features, recognition

06 **Contact**
Two enquiries: a private dinner, or a collaboration

AVENUE 2 · COMPANY

essencexp.com

Darker. Its own style sheet, derived from v2.

01 **Home**
Company proposition, services at a glance, proof, the founders

02 **Services**
Advisory, concepts, F&B strategy, pre-opening, market entry, operations, talent, brand collaborations, events

03 **Collaborations & Events**
Guest-chef dinners, residencies, brand and corporate events

04 **Selected Work**
Project types and proof; names and logos only with permission

05 **Team**
Jérémy, Founder & Culinary Director, and Agilson, Managing Partner, each with a bio page

06 **Journal**
Article layout, ready for SEO, LinkedIn and Substack

07 **Contact**
Business enquiry: project type, location, stage, timeline, budget

> On jeremygillon.com, a discreet line reads *"Founder & Culinary Director, Essence & Experience"* and links to essencexp.com. On essencexp.com, Jérémy's bio links back with *"Discover Jérémy"*, and private dining sits in the footer. Each site has its own privacy notice.

02 · INCLUDED ON BOTH SITES

- **Works everywhere.** Phone, tablet and desktop. Fast and accessible.
- **Enquiry forms** that reach your inbox, with a signed automatic reply.
- **Move off Wix.** Both domains transferred, email kept working, old addresses redirected.
- **Handover.** A short guide. Once paid in full, the code, domains and content are yours.
- **SEO foundations.** Target keywords (private dining, private chef at home, chef events in Singapore; hospitality consulting for E&E), titles and descriptions, image metadata, sitemap, Google Search Console.
- **Visitor statistics** that respect privacy.
- **Two rounds of changes** on each site before launch, and one on the E&E style sheet.

03 · INVESTMENT

One project, one fee.

One website, including the brand audit The price agreed in September	€1,200
Second website, Essence & Experience Already reduced: it builds on the same audit and design system	+ €800
Subtotal	**€2,000**
Thank you for the introduction to Larevue	– €300
Project fee, both websites	**€1,700**

Payment

WHEN		AMOUNT
Already delivered	Brand audit and Art Direction v2, 17 September	€200
On approval	Deposit: 30% of the remaining €1,500	€450
To start		**€650**
jeremygillon.com live		€525
essencexp.com live		€525

The last two payments are due when each site is ready to launch. If a launch waits more than three weeks on materials from your side, that payment is due when you approve the preview.

04 · TIMELINE

About six weeks from approval.

Week 0
Approval, first payment, materials sent

Weeks 1–2
jeremygillon.com preview

Week 2
E&E style sheet

Weeks 3–5
essencexp.com preview

Week 6
Both sites live, Wix closed

The page layouts are already built. The domain transfer runs alongside the build, so it adds no delay. The dates depend on the materials below arriving on time.

05 · WHAT I NEED FROM YOU

Jérémy

- One file with your experience, awards and collaborations (Agilson is preparing it)
- Private dining facts: guest minimum and maximum, courses, starting price, lead time, cancellation policy
- 2 to 3 past menus or experiences
- Monogram: A or B
- Photos you hold the rights to. Ideally: a real dinner seen from the room, hands plating at home, guests present but not identifiable, produce and ingredients, one daylight portrait
- Written permission for any name or logo shown

Essence & Experience

- Service descriptions (your blueprint is the starting point; I structure and edit it)
- Agilson’s bio and portrait
- 3 to 5 project examples, described by type where confidential

Both

- Access to the Wix account holding the domains (later on, for deployment, not needed now)
- How your email works today
- The inbox each enquiry form should reach

NOT INCLUDED IN THIS PROJECT

Articles and ongoing SEO content · Google Ads · Social media · Photography · French or other language versions · Pages beyond those listed · Third-party costs (domains, email, paid hosting). These belong to the next phase.

Your sites, your accounts.

The sites are custom-coded, with no page builder, so they can live anywhere. Four sensible options; whichever you choose, the account is in your name and I am added as a collaborator.

OPTION	HOSTING	DOMAINS	PER YEAR, BOTH SITES
Cloudflare RECOMMENDED	Free, business use allowed. Fast in Singapore, Thailand and Hong Kong	Registered at cost; hosting, domains and email settings in one place	≈ US$22
Netlify	Free plan; from US$9/month if traffic grows	Stay at any registrar	US$22–130
Vercel	Pro plan, about US$20/month (the free plan is for non-commercial use only)	Stay at any registrar	≈ US$260
IONOS	Classic shared hosting, slower and less flexible	No transfer fee; .com renewal about US$20	Plan dependent

Prices as of October 2026, set by each provider.

How the domains leave Wix

1. Every current setting is recorded first, especially email, so info@jeremygillon.com keeps working.
2. The new sites go live on a preview address. Nothing changes for visitors until you approve them.
3. In Wix: **Domains → Domain actions → Transfer away from Wix.** Wix unlocks the domain and emails a transfer code to its owner.
4. The transfer starts at the new provider with that code. It includes one extra year of registration, added to the current expiry date.
5. It takes up to 5–7 days. Email settings are recreated straight away, so mail is never interrupted.
6. Once both sites are live on their domains, the Wix plan can be cancelled.

> **Two things to know now.** A domain cannot move within 60 days of a change to its owner's name or email, so please leave those untouched in Wix. If your email was bought through Wix, that subscription stays with Wix after the move and keeps working; it can move to Google later if you prefer.

07 · THE NEXT PHASE

The websites are the foundation. Next, they start bringing clients in.

I am genuinely excited about what comes after launch. This is where the work starts paying back.

Google Ads

Private dining in Singapore, Thailand and Hong Kong.

Social media marketing

With a focus on organic content. Jérémy's Instagram as the personal voice; LinkedIn and Substack for Essence & Experience.

Journal articles

SEO that builds over time, reused across every channel.

THE ORDER WE AGREED

Website → Google Ads → Organic social, from your event photos → Paid social

I will send a proposal for this phase once the sites are live. I would very much like this to become a long-term partnership, one that grows with Jérémy and with Essence & Experience and works for all of us.

---

08 · APPROVAL

Reply "approved" on WhatsApp and make the first payment of €650. I start the same week.

€200 brand audit + €450 deposit. This proposal is valid until 15 November 2026.
